VARAD BARVE

Chennai, India | varadvbarve@gmail.com | +91 8320952448 |

github.com/varadbarve | linkedin.com/in/varad-barve-143761280

EDUCATION

B.Tech – Computer Science and Engineering
SRM Institute of Science and Technology (2023 – 2027)
CGPA: 8.28

EXPERIENCE

AI Developer Intern – 1Stop AI (Personifwy)
May 2025 – June 2025

- Developed 3 machine learning models using TensorFlow for classification and detection tasks
- Performed data preprocessing, feature engineering, and model evaluation
- Improved model performance through hyperparameter tuning

PROJECTS

Text Classification System | Python, TensorFlow

- Built a sentiment analysis model for text data using deep learning
- Achieved 93% accuracy across 18K review dataset.
- Extended the architecture to support multi-category text classification

Traffic Object Detection System | Python, TensorFlow

- Improved detection efficiency tested over 10K different datasets with average improve accuracy of 7%
- Working on real-time data integration

Galga Lite (Deployed Web App) | Python, JavaScript, Vercel

- Built and deployed an interactive web application
- Structured modular and scalable codebase

TECHNICAL SKILLS

Languages: Python, C++, Java, JavaScript, TypeScript
Frontend: HTML, CSS, React.js, Next.js
Backend: Node.js
Databases: MongoDB, MySQL, Firebase
AI/ML: TensorFlow
Tools: Git, Vercel, Docker
Development Practices: SDLC, Agile
Soft Skills: Structured problem solving, Analytical thinking, Effective communication, Adaptability to new technologies, Team collaboration, Ownership and accountability, Time Management

---

CERTIFICATIONS

- Artificial Intelligence – IIT Guwahati (Alcheringa)
- 30 Days DSA Bootcamp – Unstop
- Basic Statistical Data Analysis Using SPSS – SRM College of Agricultural Sciences

---

LANGUAGES

- English [Professional native Proficiency]
- Hindi [Native Proficiency]
- Japanese [Elementary Proficiency]
